Sir:

The present Amendment is in response to the Office Action dated July 5, 2002, in the above captioned application. Please enter the following Amendment:

IN THE DRAWINGS

Please amend Fig. 1 as indicated on the attached sheet to label the roll of web material as element "12a." With respect to the objection to the drawings set forth in paragraph 1 of the Office Action, please note that the reference to element "68" on page 7 of the specification has been deleted.

With respect to the objection to the drawings set forth in paragraph 2 of the Office Action, please note that the specification has been amended to particularly point out that the embodiment of an eccentric device illustrated in the figures is an offset spring 66.

A
